

Why don't you enroll as a language instructor?

Sakaide International Association (SIA) has an enrollment system of language instructors for those who wish to teach languages at language classes organized by public organizations such as Sakaide City, and corporate members of SIA. In this system, when SIA receives a request to introduce language instructors, we introduce those who have enrolled to demanders. Those who like teaching languages and are looking for places to play an active role as an instructor, we are waiting for your enrollment!

Flow chart of enrollment & introduction

- ① Fill out the language instructor introduction and enrollment application form, file with SIA office, and have a short interview (appointment needed).
- ② After mailing enrollment acceptance/rejection notice, we enroll those who are eligible for an instructor.
- ③ Request of introduction from a demander.
- ④ Introduction of enrolled instructors who meet requirements of the demander.
- ⑤ Talk between the demander and enrolled instructors about conditions such as activity description and fee.

Enrollment term/revise & cancel of enrollment

The term of enrollment is basically 2 years. If you wish to revise or cancel your enrollment, please file the enrollment revise (cancel) form.

Others

SIA limits introduction only to the activities that Sakaide City, other public organizations, or corporate members of SIA organize. SIA shall not be liable to the introduction of enrolled instructors and the activities they provide. For further detail, please check the guideline of language instructor introduction and enrollment system (Japanese only) on the Sakaide International Association's page in the Sakaide City official website.
